RELIVE

The Chitkara Alumni Association Network (CAAN) organized a highly successful Germany Alumni Meet on September 29th, 2023, bringing together a diverse group of alumni for a day of engaging discussions, networking, and collaboration. The event provided a valuable platform for attendees to reconnect, share their experiences, and explore future partnerships. The well-organized agenda and interactive format were particularly appreciated, fostering active participation and a strong sense of community among the alumni. Informal networking moments also enabled attendees to expand their professional connections. The overall feedback was overwhelmingly positive, with many expressing enthusiasm for more such events in the future. This meet not only strengthened alumni relationships but also set the stage for continued engagement and collaboration within the network.

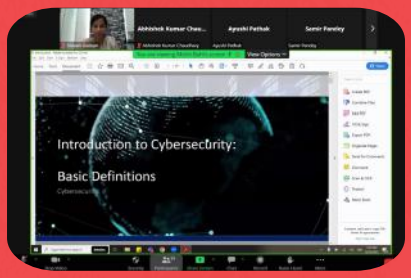
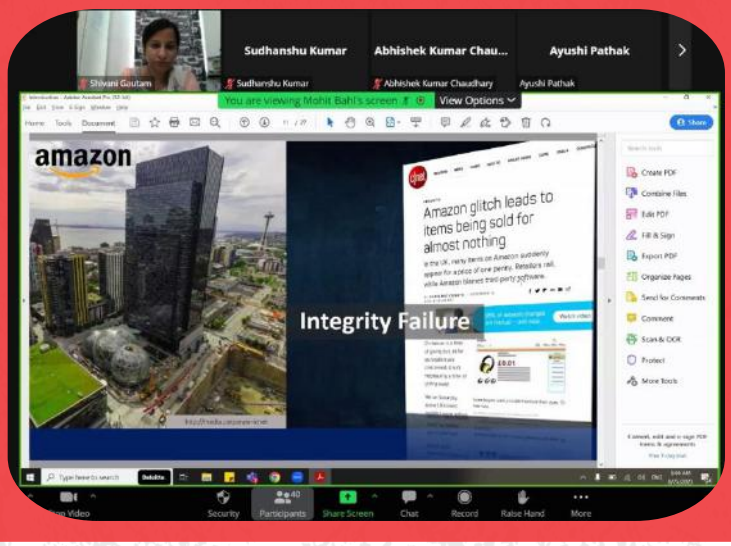
SESSION ON "CYBERSECURITY INSIGHTS, RESOURCES AND BEST PRACTICES"

Mohit Bahl
Consultant, Deloitte, Canada

25 AUGUST, 2023
3:00 PM





Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with ACM Student Chapter organized a motivational session entitled "Cybersecurity insights, resources and best practices" for Engineering and BCA students on 25th August, 2023, 03:00 pm onwards. The session was highly informative and engaging. Participants gained valuable knowledge about the importance of cyber security in today's digital landscape. The session covered various aspects, including the current cybersecurity environment, common cyber threats, and the ever-evolving nature of security risks. Attendees learned about the technologies, processes, and practices involved in protecting networks, devices, programs, and data from unauthorized access or attack. The session emphasized the need for organizations to integrate cybersecurity into their system architecture and design, while also striking a balance between security measures and operational effectiveness. Participants were also introduced to the concept of risk management and the inclusion of cybersecurity risk in the process. Overall, the session provided valuable insights, resources, and best practices for individuals and companies to inhance their cybersecurity strategies.

SESSION ON "MENTORSHIP SUPPORT FOR STARTUPS"

Tushar Bhatnagar

CEO & Co-Founder - Alpha AI, Tripsero
Co-Founder & CTO - VidBoard.AI
Technical & Deep-Tech Consultant
Pragmatic Entrepreneur
Research Scientist

28 AUGUST, 2023
11:00 AM

On the 28th of August 2023, the Mentorship Support for Startups session commenced at 11:00AM in the Himalaya Hall. The session attracted an audience comprising students from B.E. and BCA. The esteemed resource person, Tushar Bhatnagar(Alumni, CSE batch 2012) brought his diverse expertise as a Research Scientist, Startup Mentor, and Co-Founder of multiple ventures such as vidBoard.ai, Alpha AI, Tripsero, and LawDiktat.

During the mentorship session, Tushar Bhatnagar shared his journey, from co-founding startups to becoming a Technology Consultant and Startup Mentor. He provided valuable insights on how to build and sustain a startup, manage the challenges of university life while pursuing entrepreneurial dreams, and offered motivation to all attendees. A dynamic question-and-answer session followed, where students interacted with Mr. Bhatnagar, gaining personalized guidance and inspiration. The event was organized by Chitkara ACM student chapter, Himachal Pradesh under the aegis of MHRD Institution's Innovation Council (IIC) and in collaboration with CAAN(managed by YUKTI-NIR). The Mentorship Support for Startups session encouraged students to think creatively, fostered entrepreneurial aspirations, and provided an invaluable platform for showcasing their pioneering ideas.

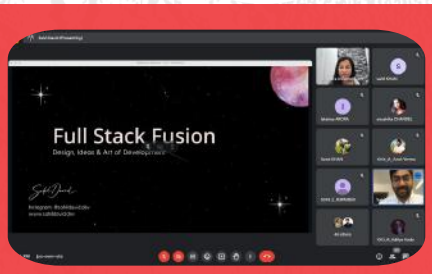
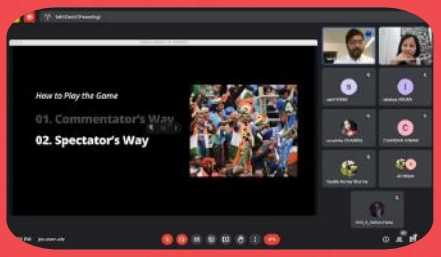
SESSION ON "FULLSTACK FUSION: DESIGN,IDEAS & ART OF DEVELOPMENT"

Sahil David

Senior Full-Stack Developer at GSK
England, United Kingdom

1 SEPTEMBER, 2023
12:00 PM



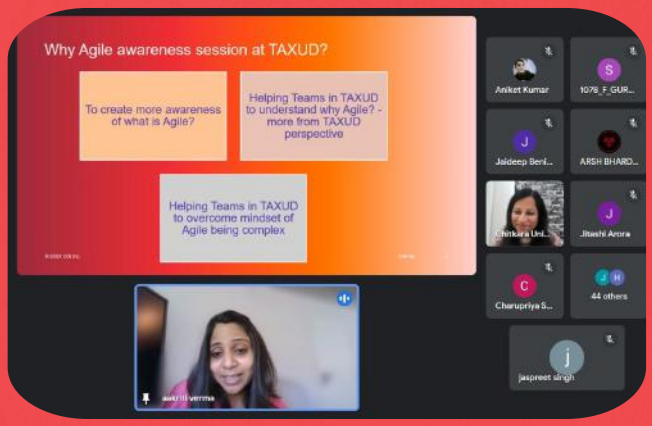


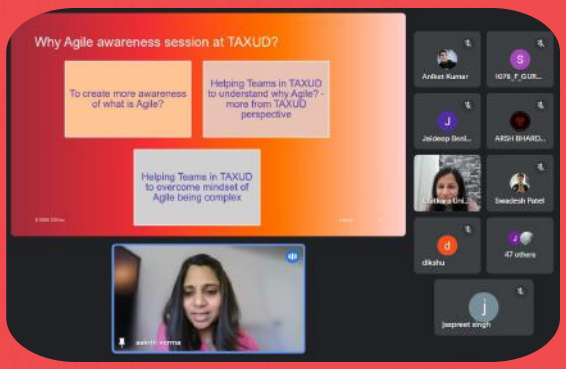
Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with ACM Student Chapter organized a motivational session entitled "Fullstack fussion: Design, Ideas & Art of development" for Engineering and BCA students on 1st September, 2023, 12:00 pm onwards. Our guest speaker at the full stack development session provided valuable insights and tips for students. He emphasized the importance of creating a strong and concise resume tailored to the specific job posting. The speaker recommended highlighting technical skills in web development, both in front-end and back-end expertise. He also advised adding hard numbers to quantify achievements, as this can impress hiring managers. The focal point was the harmonious fusion of design, innovative ideas, and the artistic essence of development inherent in this field. The session culminated in a lively interaction with the audience, sparking enthusiasm among attendees to chart their professional paths in the dynamic field of full stack development.

SESSION ON "DEVELOPING AN AGILE INNOVATION STRATEGY"

Aakriti Verma
Scrum Master, Rabobank
Brussels, Belgium

12 SEPTEMBER, 2023
3:00 PM



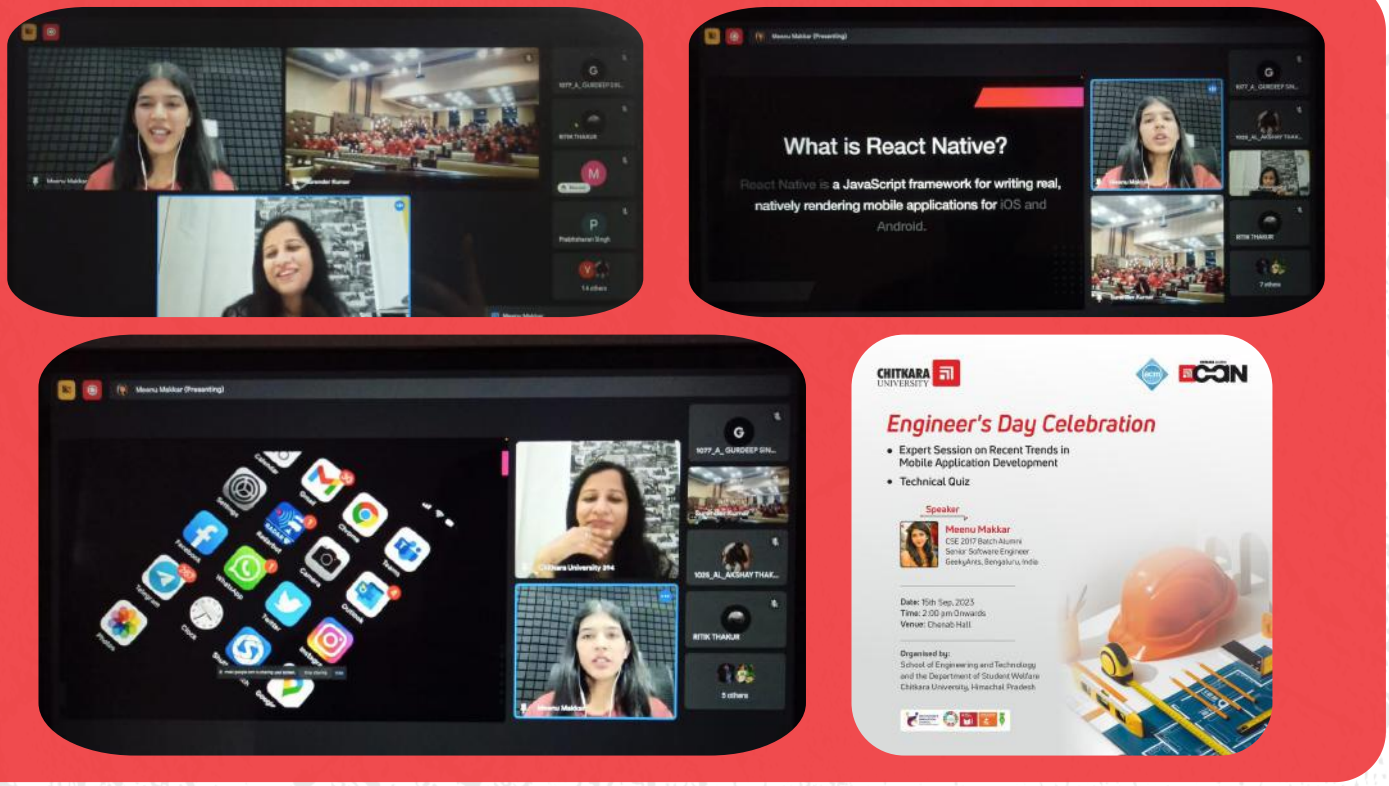


Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IEEE Student Chapter organized a motivational session entitled "Developing an agile innovation strategy" for Engineering and BCA students on 12th September, 2023, 03:00 pm onwards. The session on the Agile way of working was highly informative and engaging. The speaker provided a comprehensive overview of Agile principles and methodologies, emphasizing the importance of collaboration, flexibility, and continuous improvement. The session covered various Agile frameworks such as Scrum, Kanban, and Lean, highlighting their benefits and how they can be applied in different industries. The interactive nature of the session allowed participants to actively participate in discussions and ask questions, making it a valuable learning experience for everyone involved. Overall, the session provided valuable insights into the Agile way of working and its potential to enhance efficiency and productivity in organizations.

SESSION ON "RECENT TRENDS IN MOBILE APPLICATION DEVELOPMENT"

Meenu Makkar
Senior Software Engineer - GeekyAnts, Bengaluru, India

15 SEPTEMBER, 2023
2:00 PM

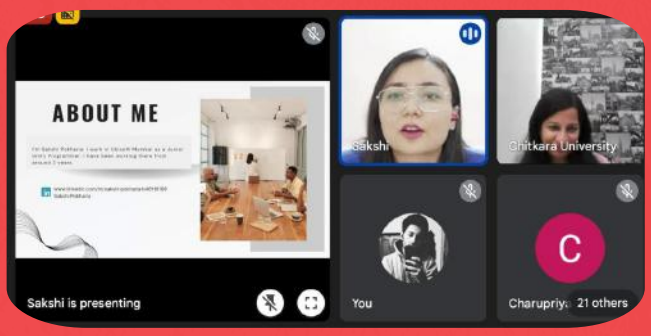


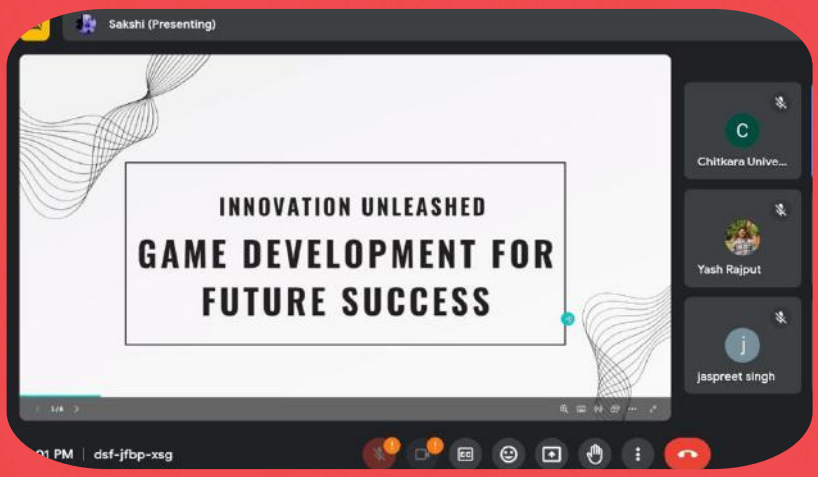
Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IIC and ACM Student Chapter organized a motivational session entitled "Innovative Agility: Harnessing Technology for Industry Transformation" for Engineering and BCA students on 6th March, 2024, 11:30 am onwards. The speaker for the session was Ms. Bhavna Bhatt, an alumna of ECE, Batch of 2010, Chitkara University, Himachal Pradesh. She is working as Project Manager and Scrum Master in Kantar, England, United Kingdom. The session was incredibly insightful and engaging. The resource person masterfully elucidated agile models and frameworks, providing clear and relatable examples that enhanced our understanding of these concepts. The session effectively conveyed the significance of innovative agility in the context of industry transformation, leaving the attendees feeling inspired and better equipped to harness technology for organizational advancement. The practical examples used to illustrate agile models and frameworks were particularly beneficial, as they demystified complex ideas and made them accessible to all participants. Overall, the session was a valuable learning experience that left a lasting impression on all attendees.

SESSION ON "INNOVATION UNLEASHED: GAME DEVELOPMENT FOR FUTURE SUCCESS"

Sakshi Pokharia
Junior Unity Programmer
Ubisoft, Mumbai

26 SEPTEMBER, 2023
1:00 PM





Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with ACM Student Chapter organized a motivational session entitled "Innovation Unleashed: Game Development for Future Success" for Engineering and BCA students on 25th August, 2023, 03:00 pm onwards. The session was an incredibly insightful and inspiring experience. The speaker provided a comprehensive overview of the latest trends and technologies in game design, highlighting the immense potential for innovation in this field. The session emphasized the importance of creativity and technology in creating immersive game experiences that can captivate audiences. Moreover, the discussion on the use of games for education, training, and social impact was thought-provoking and showcased the limitless possibilities that game development holds. Overall, this session has equipped the students with valuable knowledge and skills to thrive in the dynamic world of game development.

SESSION ON "SOLDIERING - A WAY OF LIFE"

Capt. Puneet Kumar(Retd.)
Senior Technical Project Analyst, Optum
Captain, Indian Army (2016-2022)

3 OCTOBER, 2023
12:00 PM

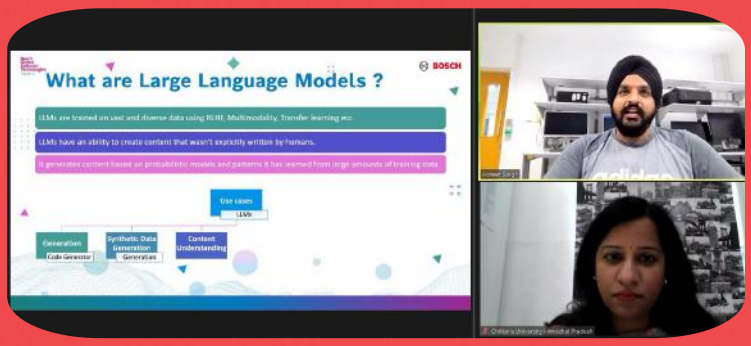
Chitkara Alumni Association Network (CAAN), Himachal Pradesh organized a motivational session entitled "Soldiering - A Way of Life" for students on 3rd October, 2023, 12 pm onwards in Chenab Hall. The speaker for the session is Captain Puneet Kumar, an alumnus of CSE, Batch of 2008, Chitkara University, Himachal Pradesh. He is working as Senior Technical Project Analyst in Optum. He has also served in Indian Army as Captain from 2016 to 2022.

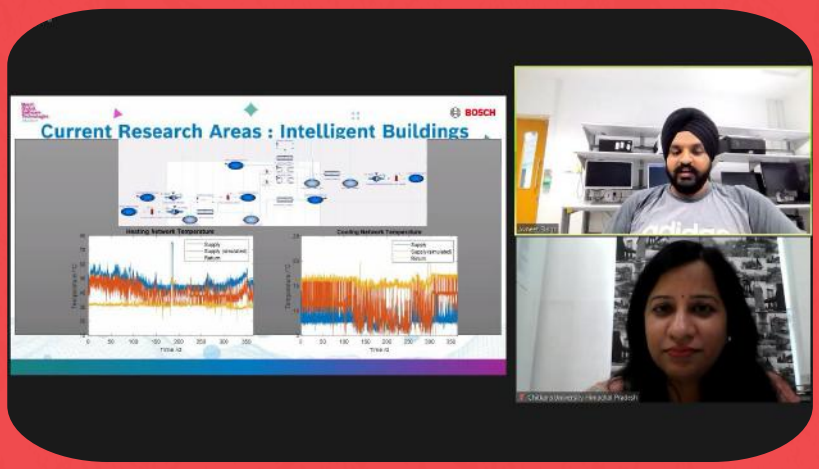
The session was an inspiring and motivational journey into the life of a defense person. Through captivating anecdotes and personal experiences, the speaker shed light on the values, sacrifices, and unwavering dedication that define the life of a soldier. The session emphasized the importance of discipline, resilience, and teamwork, highlighting how these qualities not only shape a soldier's character but also contribute to their success in both professional and personal endeavours. Overall, "Soldiering - A Way of Life" served as a powerful reminder of the indomitable spirit and extraordinary commitment displayed by those who choose to serve their nation.

SESSION ON "TRANSFORMING INDUSTRIES WITH GENERATIVE AI: THE INNOVATION REVOLUTION"

Avneet Singh
AI & Data Science Architecture
Bosch Reseach, India

11 OCTOBER, 2023
12:00 PM





Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IEEE Student Chapter organized a motivational session entitled "Transforming Industries with Generative AI: The Innovation Revolution" for Engineering and BCA students on 11th October, 2023, 12:00 pm onwards. The session focused on the significant impact of generative AI on various industries. Generative AI, including applications like ChatGPT and GitHub Copilot, has the potential to revolutionize roles and boost performance across functions such as sales, marketing, customer service, and more. The session discussed the rapid development of generative AI technology, with new and improved models being released. It emphasized the need to understand the breakthroughs that have enabled the rise of generative AI in order to comprehend its future implications. Overall, the session shed light on the transformative power of generative AI and its potential to reshape industries.

SESSION ON "MY STORY - MOTIVATIONAL SESSION BY SUCCESSFULL ALUMNI ENTREPRENEUR"

Sakshi Arora
Co Founder UNCLE JACK'S

1 NOVEMBER, 2023
11:00 AM

Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IIC organized a session entitled "My Story - Motivational Session by Successful Alumni Entrepreneur" for Engineering and BCA students on 1st November, 2023, 11 am onwards. The speaker for the session was Ms. Sakshi Arora, an alumna of CSE, Batch of 2010, Chitkara University, Himachal Pradesh. She is the Co-founder of Uncle Jack's. millennia's much loved American eatery. Uncle Jack's is a recipient of the Times Food & Nightlife Awards for 4 years in a row.

The session was truly inspiring and insightful. The alumni entrepreneur shared her journey, the challenges faced, and how she overcame obstacles to achieve success. Her story served as a beacon of motivation for all attendees, showcasing the power of determination, resilience, and hard work. The session not only provided valuable insights into the entrepreneurial world but also instilled a sense of belief in our abilities. The speaker's passion and enthusiasm was contagious, leaving us feeling inspired and motivated to pursue our dreams. Overall, it was an incredibly enriching experience that will undoubtedly have a lasting impact on our personal and professional lives.

SESSION ON "WRITING FOR A BETTER WORLD: THE INTERSECTION OF AUTHORSHIP & SOCIAL ENTREPRENEURSHIP"

Yogita

Author - Kalpana An Imagination
Social Ambassador - IDF
Content Writer

8 NOVEMBER, 2023
12:00 PM

Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IIC organized a session entitled " Writing for a Better World: The Intersection of Authorship and Social Entrepreneurship" for Engineering and BCA students on 8th November, 2023, 12 pm onwards. The speaker for the session was Ms. Yogita, an alumna of CSE, Batch of 2010, Chitkara University, Himachal Pradesh. She is an Author, Social Ambassador-IDF and Content Creator.

The session was an enlightening and inspiring experience. The author welcomed the audience and emphasized the transformative power of the written word. She highlighted her exceptional work which successfully merged literature and social entrepreneurship, leaving a lasting impact on society. The session invited everyone to explore the limitless possibilities that lie ahead when we combine our passion for writing with the desire to create positive change. The session was a thought-provoking discussion on how authors can use their skills to create positive social change. It was an inspiring session that left the audience with a deeper understanding of the potential for literature to create a better world.

SESSION ON "ENGINEERING THE FUTURE: ADVANCING AEROSPACE ENGINEERING SYSTEMS"

Neelakshi Majumdar

Assistant Professor. Mechanical Engineering
University of Arkansas, Arkansas, USA
Ph.D. in Aerospace Engineering, Purdue University

19 DECEMBER, 2023
11:00 AM

Chitkara Alumni Association Network (CAAN), Himachal Pradesh organized a session entitled "Engineering the Future: Advancing Aerospace Engineering Systems" for Engineering students on 19th December, 2023, 11 am onwards in Chenab Hall.

Dr. Neelakshi Majumdar, our esteemed alumna of ECE 2010 Batch, Assistant Professor of Aerospace Engineering in Mechanical Engineering department at the University of Arkansas; U.S. led the seminar. Her fiancé, Dr. Zubin Mistry, Graduate Research Assistant at Maha Fluid Power Research Center also joined in. In the beginning, she generously shared her life journey, providing attendees with insights into her guided pathway. From her academic pursuits, culminating in a PhD in Aerospace Engineering from Purdue University, to her experiences as a student pilot, Dr. Majumdar's narrative was both inspiring and enlightening. The session covered a wide range of topics, providing a comprehensive overview of the advancements and challenges in the field of aerospace engineering. The speakers were highly knowledgeable and passionate, and their presentations were well-structured and easy to follow. Through real-world examples and case studies, they effectively showcased the cutting-edge technologies and innovative solutions being developed in the aerospace industry. Overall, this session was a valuable opportunity for engineering students to expand their knowledge and get inspired by the exciting possibilities in the field of aerospace engineering.

SESSION ON "MASTERING COMMUNICATION: A KEY DRIVE FOR PRESENTING INNOVATIONS"

Aaditya Khanna
Technical Lead
Infosys

Nitish Khanna
Staff Premier Support Engineer
Cloudera

12 FEBURARY, 2024
11:00 AM

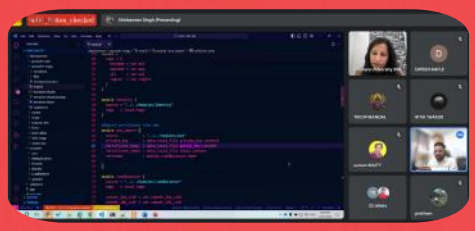
Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IIC organized a session entitled "Mastering Communication: A Key Driver for Presenting Innovations" for Engineering and BCA students on 12th February 2024, 11 am onwards in Chenab Hall. The speakers for the session were Mr. Aaditya Khanna, Technology Lead, Infosys and Mr. Nitish Khanna, Premier Support Engineer, Oracle, alumni of CSE, Batch of 2010, Chitkara University, Himachal Pradesh.

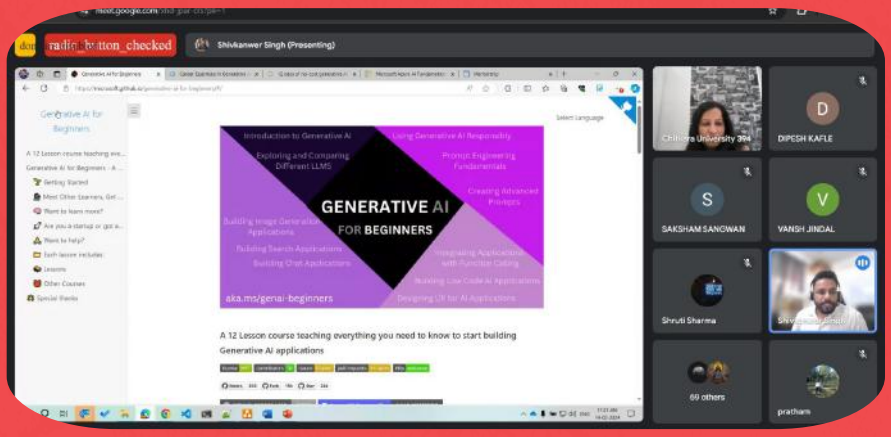
The session was an insightful and impactful experience. It effectively emphasized the importance of up skilling in communication, particularly for professionals involved in presenting innovations. The focus on enhancing communication skills, including storytelling and effective use of visual aids, was highly beneficial. Moreover, the session's exploration of leveraging technology for communication in the context of innovation presentations provided practical and relevant insights. The speakers interacted with students and provided expert insights, practical knowledge, and a diverse range of perspectives related to innovation, communication to enhance their communication abilities, making them more effective conveyors of innovative ideas within their respective domains.

SESSION ON "DESIGNING THE FUTURE: INNOVATING WITH AZURE & AWS CLOUD SOLUTIONS"

Shivkanwer Singh
Cloud Solution Architecture
GE HealthCare, Karnataka

14 FEBURARY, 2024
11:00 AM





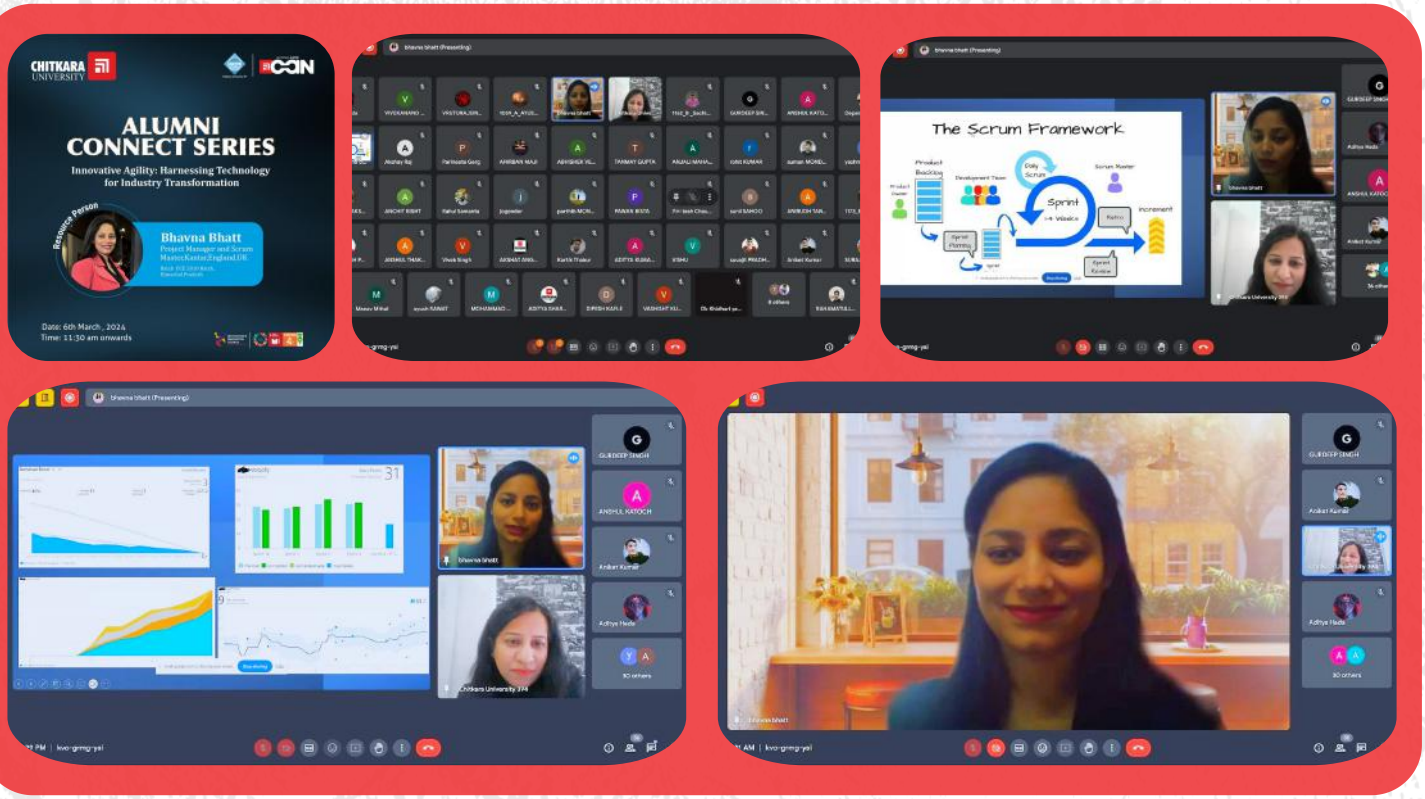
Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IIC and ACM Student Chapter organized a motivational session entitled "Designing the Future: Innovating with Azure and AWS Cloud Solutions" for Engineering and BCA students on 14th February, 2024, 11 am onwards. The speaker for the session was Mr. Shivkanwer Singh, an alumnus of CSE, Batch of 2008, Chitkara University, Himachal Pradesh. He is Cloud Solution Architect at GE HealthCare, India. The session was insightful and engaging. The discussion on architecture and development in cloud solutions provided valuable insights into leveraging the capabilities of Azure and AWS. The practical applications highlighted during the session shed light on real-world implementation, making the concepts more tangible. Moreover, the exploration of the impact of cloud solutions on job roles and the evolving job market was particularly valuable, offering a forward-looking perspective on career opportunities in this dynamic field. Overall, the session effectively addressed the intersection of architecture, development, applications, and job prospects in the context of Azure and AWS cloud solutions.

SESSION ON "INNOVATIVE AGILITY: HARNESSING TECHNOLOGY FOR INDUSTRY TRANSFORMATION"

Bhavna Bhatt

Project Manager & Scrum Master
Kantar, England, United Kingdom

6 MARCH, 2024
11:30 AM



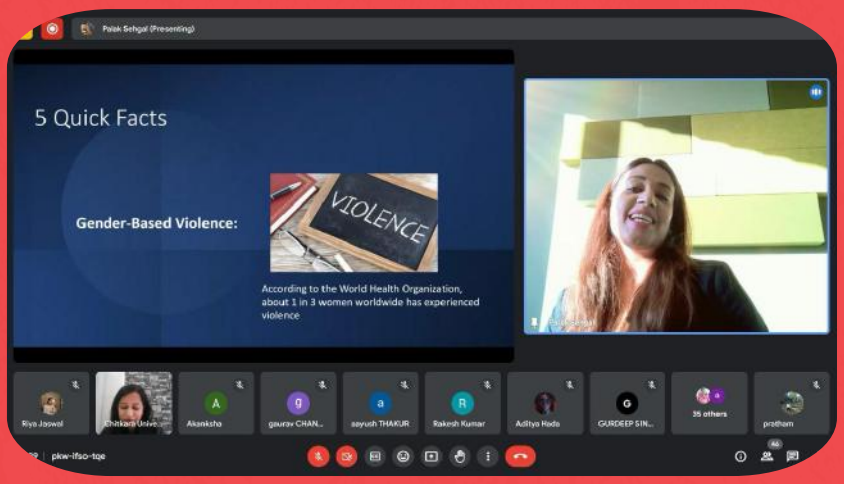
Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IIC and ACM Student Chapter organized a motivational session entitled "Innovative Agility: Harnessing Technology for Industry Transformation" for Engineering and BCA students on 6th March, 2024, 11:30 am onwards. The speaker for the session was Ms. Bhavna Bhatt, an alumna of ECE, Batch of 2010, Chitkara University, Himachal Pradesh. She is working as Project Manager and Scrum Master in Kantar, England, United Kingdom. The session was incredibly insightful and engaging. The resource person masterfully elucidated agile models and frameworks, providing clear and relatable examples that enhanced our understanding of these concepts. The session effectively conveyed the significance of innovative agility in the context of industry transformation, leaving the attendees feeling inspired and better equipped to harness technology for organizational advancement. The practical examples used to illustrate agile models and frameworks were particularly beneficial, as they demystified complex ideas and made them accessible to all participants. Overall, the session was a valuable learning experience that left a lasting impression on all attendees.

SESSION ON "BREAKING BOUNDARIES: THE QUEST FOR GENDER EQUALITY"

Palak Sehgal

Director, Head of Data Resilience
Cyber security
Volvo Group, Sweden

7TH MARCH
1:30 PM



Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with Internal Quality Assurance Cell (IQAC) organized a motivational session for students as well as faculty on 7th March, 2024, 1:30 pm onwards. The speaker for the session was Ms. Palak Sehgal, an alumna of CSE, Batch of 2009, Chitkara University, Himachal Pradesh. She serves as the Director, Head of Data Resilience, Volvo Group, Sweden.

The session on "Breaking Boundaries: The Quest for Gender Equality" held in honor of International Women's Day was truly insightful and engaging. The resource person effectively conveyed the importance of breaking gender boundaries in today's society. The session successfully highlighted the challenges faced by women in various spheres of life and provided practical strategies for achieving gender equality. The interactive nature of the session encouraged meaningful discussions and fostered a deeper understanding of the topic. Overall, it was an inspiring and thought-provoking event that left a lasting impact on the audience, promoting a stronger commitment to advancing gender equality.

SESSION ON "D-CODING ENTREPRENORIAL SECRETS : INSIGHTS FROM SUCCESSFULL ALUMNI"

Kanav kapoor
Founder - Toggy India
CMO - Digikaps

19 APRIL, 2024
12:00 PM

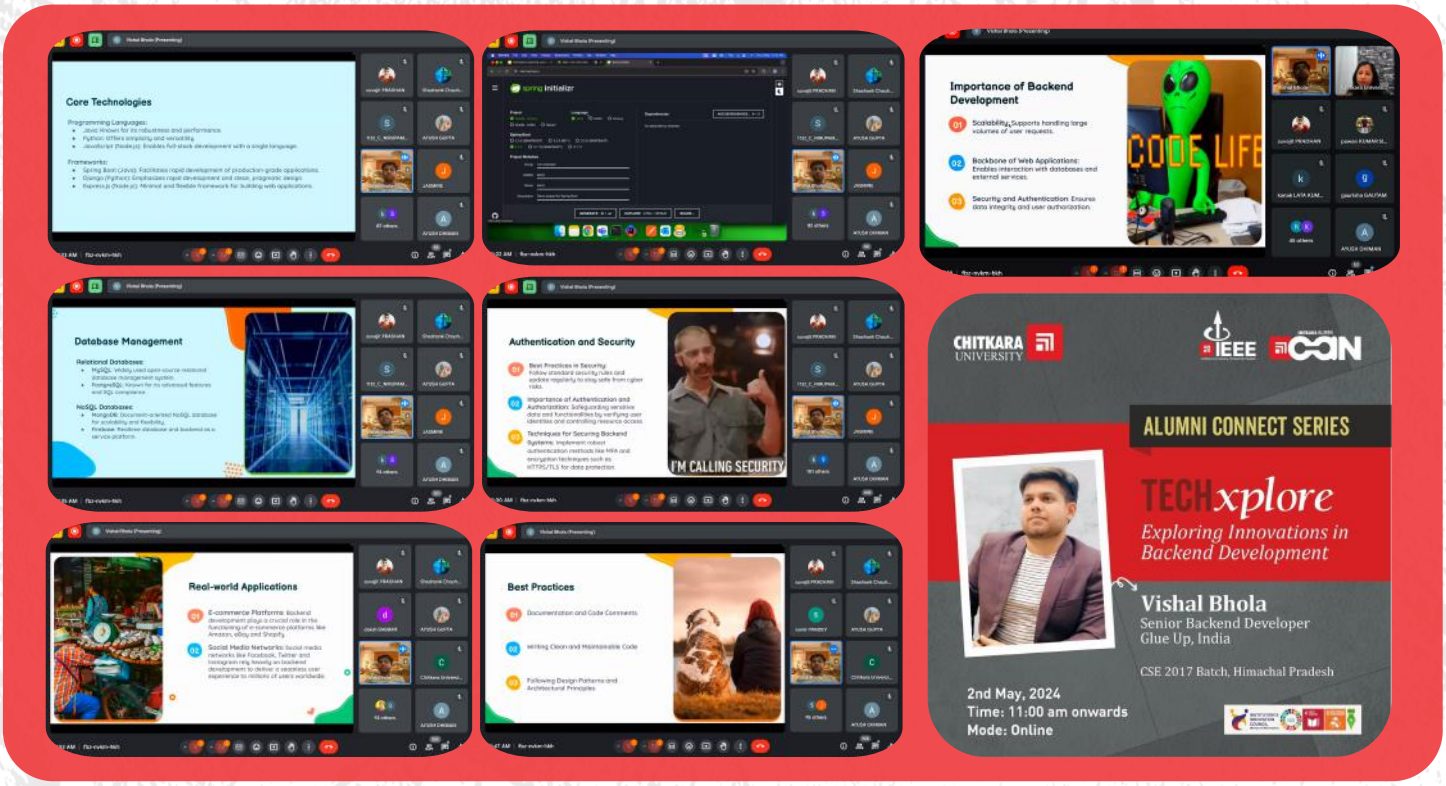
Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IIC organized a motivational session entitled "D-Coding Entrepreneurial Secrets: Insights from Successful Alumni" for students on 19th April, 2024.Mr. Kanav Kapoor is an esteemed alumnus of ECE batch 2009, Chitkara University, Himachal Pradesh. He is the founder of Toggy India and CMO of Digikaps.

The motivational session was truly empowering and enlightening. The speaker shared invaluable insights gleaned from their own entrepreneurial journeys, offering tangible advice and actionable strategies for success. His stories of triumph over challenges served as powerful motivators, inspiring attendees to pursue their own entrepreneurial dreams with renewed vigor and determination. The session effectively highlighted the importance of resilience, adaptability, and perseverance in navigating the complex landscape of entrepreneurship. Overall, it was a transformative experience that left participants feeling motivated and ready to tackle their entrepreneurial aspirations head-on.

SESSION ON "TECHXPLORE: EXPLORING INNOVATIONS IN BACKEND DEVELOPMENT"

Vishal Bhola
Sr. Backend Developer
Glue Up, India

2 MAY, 2024
11:00 AM



Chitkara Alumni Association Network (CAAN), Himachal Pradesh in collaboration with IIC and IEEE Student Chapter organized a motivational session entitled "TechXplore: Exploring Innovations in Backend Development" for Engineering and BCA students on 2nd May, 2024. The speaker for the session was Mr. Vishal Bhola, an alumnus of CSE, Batch of 2017, Chitkara University, Himachal Pradesh. He is working as Senior Backend Developer at Glue Up,India.

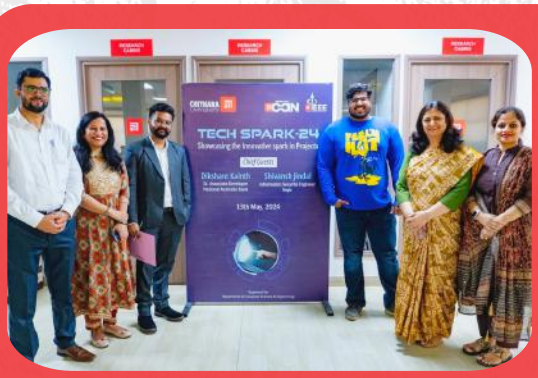
The session was both enlightening and engaging. The speaker's deep dive into emerging trends and technologies in backend development provided valuable insights for both beginners and seasoned professionals alike. The practical examples and case studies shared during the session helped to illustrate the concepts effectively, making it easier to grasp complex ideas. Additionally, the interactive nature of the session encouraged active participation and facilitated meaningful discussions among attendees. Overall, it was a well-organized and informative session that left the students feeling inspired and eager to further explore innovations in backend development.

SESSION ON "TECH SPARK-24: SHOWCASING THE INNOVATIVE SPARK IN PROJECTS"

Dikshant Kainth
Sr. Associate Developer
National Australia Bank

Shivansh Jindal
Information Security Engineer
Voyix

13 MAY, 2024
10:00 AM



Chitkara Alumni Association Network (CAAN) organised " Tech Spark-24 " a Project Exhibition event on 13th May, 2024 showcasing their innovative projects. This landmark event was designed to bridge the gap between current students and the illustrious alumni who have gone on to achieve significant milestones in their respective fields. By inviting these accomplished alumni back to the campus, the university aimed to provide a unique platform for knowledge exchange, mentorship, and inspiration. The primary goal of the event was to offer current students a valuable opportunity to present their innovative projects to a panel of experienced alumni. This interaction was providing them with insights that go beyond the classroom. The alumni, on their part, were eager to give back to their alma mater by sharing their expertise, offering constructive feedback.

The event also served as a powerful networking opportunity, fostering connections between students and alumni. By showcasing their projects, students demonstrated their problem-solving abilities, creativity, and technical skills, all while gaining confidence in their presentations and receiving firsthand critique from seasoned professionals.

SESSION ON "EXPLORHIBIT 24: AN EXHIBITION OF INNOVATIVE PROJECTS"

Sawan Kashyap
Sr. Information Security Analyst
TSYS, Noida

16 MAY, 2024
9:30 AM

Chitkara Alumni Association Network (CAAN) in collaboration with the ACM student chapter successfully organized "Explorhibit'24" a project exhibition on 16th May, 2024 showcasing numerous innovative projects in AR-VR, IoT, and EPICS. The projects were guided by Mr. Karthick and Mr. Kuldeep. The projects were evaluated by Prof. Girish Rao and alumni Sawan Kashyap. Despite fierce competition, the top three projects Automatic Paralyzed Health Monitoring System, a VR Shooting Game, and a Multipurpose Quadcopter Drone were selected and awarded during the final prize distribution ceremony.

Throughout the exhibition, the judges provided invaluable guidance to students. Prof. Meenu Khurana encouraged them to extend their projects in future and for filing patents for their innovations. This initiative not only celebrated technological advancements but also nurtured a culture of creativity and entrepreneurship among the participants. EXPLORHIBIT '24 provided a vibrant atmosphere for networking, idea exchange, and celebrating the spirit of innovation.
